

## COVID – 19 Protocols

## Daily Screening For Parents

## Every morning before you send your child to school please check the following:

Does your child have a temperature of 100.0 degrees or greater?

Any other signs of illness such as:

Congestion or Runny Nose Cough or Shortness of breath or difficulty breathing

Nausea or vomiting or

Sore Throat Headache

Muscle pain or Fatigue or chills

New Loss of taste or smell Keep child home and seek medical advice

Was your child in close contact (within 6 feet for more than 15 minutes) with anyone confirmed with COVID-19 within the last **two** weeks?

Has your child travelled out of state/country to any of the locations on the COVID-19 Travel Advisory?

If the answer is YES to any of these questions, DO NOT send your child to school. Instead, begin quarantine of your child and contact your healthcare provider. Strongly consider COVID – 19 testing.

These health protocols, as related to COVID – 19, incorporate recommendations from the Center of Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH).

STGRSD COVID -19 Parent Screening Tool - subject to change based on new data/guidelines - September 8, 2020

Adopted and modified from the Farmington Valley Health District
