

Math Leadership Team

Established ~ Fall 2022

Vision Statement

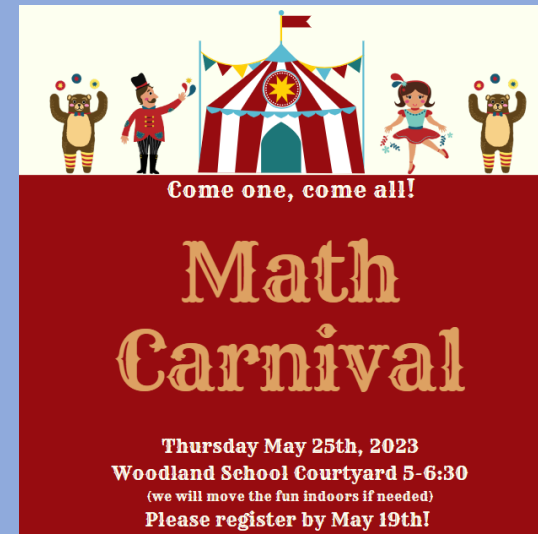

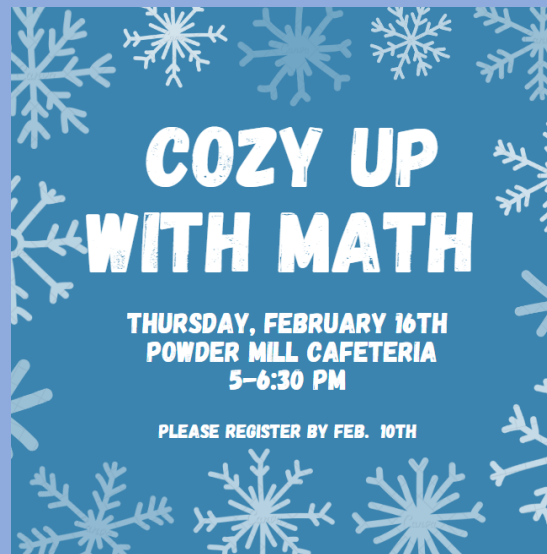

The Math Leadership Team
works to encourage a positive mindset for
students and adults by providing
opportunities
to find joy in math in everyday life.

Our Meetings

- Met monthly for an hour
 - Engaged in a math task as adult thinkers
 - Shared student work
 - Participated in vertical alignment discussions
 - Planned 3 family math events throughout the school year
-
- Discussed grade band "choice board" ideas for encouraging math thinking while at home (idea still in progress)

Our Family Events

- Fall in Love with Math, Cozy up with Math, Math Carnival
- All STGRSD families were invited
- One event at each school
- Events had a variety of games to play as a family and take-home resources
- Themed estimation stations
- Snacks and light refreshments
- Raffle prizes : Amazon, Summer House and Kettlebread (local business donations)

Math Carnival

Family Feedback

"Let's do more like this!"

"Great experiences!"

"I think the math carnival was great and everyone seemed to be enjoying it."

"This was so fun! Last math event it was me and our son, this event we brought the whole family and even our 4 year old has an absolute blast. Thank you thank you thank you for a great night."

"Our whole family had a blast."

"The carnival game set up was awesome the kids didn't think about them as math just as fun."

"It made math more fun by incorporating games to learn."
